Retreat

This August, students from across Wilmington Yearly Meeting are spending a weekend together in the Smoky Mountains. We're calling it Convergence — because as we meet up, we come to learn how our relationships shape us. We better understand ourselves, our values, and what it means to belong in community.

What the weekend includes:

- All meals and transportation
- Exploring Great Smoky Mountains National Park
- Lodging and waterpark days at Wilderness at the Smokies Resort
- Worshipping together with Lakeway Quaker Meeting
- Activities and conversations built around a simple idea:
we learn a lot about God and ourselves by getting to know each other

It's a weekend of strengthening friendships, gorgeous mountain sights, exciting waterpark days, and worship — with a little room along the way to think about who you are and who you're becoming!
